Perfect for individual users or seasoned practitioners who want to treat the largest range of conditions from both hard and soft tissue categories.

The Scalar Wave Laser utilizes two patent pending technologies, 3 different wavelengths and combines the most advanced cold laser developments with energy medicine & state of the art Quantum Scalar Technology. This is the ultimate tool for addressing multiple facets of health enhancement at the cellular level. It's the ONLY ultra-portable hand held cold laser with fully digital keypad interface for ease of use and vastness of user programmability. Use it anywhere! Has multiple wavelengths & Scalar Waves for clearing cellular memory.

Cold laser has been used with competition horse training & recovery for over 30 years. It has been used extensively for race–horses, show jumpers, show horses, endurance horses, carriage horses, quarter horses, old retired horses, ponies, show dogs, greyhound race dogs, all family pets, farm animals and their owners too.

Using the Scalar laser on wounds and muscle tissue speeds up the body's own natural healing process several times over. This helps to prevent unsightly scar tissue and the white hairs you so often see on old scar sites. The treatment only takes a short time, can be done frequently and has no known side effects, allowing your horse, dog or cat to return to health quickly and painlessly.
